

# WÖSS & PARTNERS,<sup>S.C./PLLC</sup> WORKING FOR THE SUCCESS OF THEIR CLIENTS

**WÖSS & PARTNERS, ONE OF THE BEST LAW FIRMS IN INTERNATIONAL TRADE, INFRASTRUCTURE PROJECTS AND INTERNATIONAL ARBITRATION BEING SPECIALISTS IN CLAIMS FOR DAMAGES AND LOSS.**

**Wöss & Partners** currently listed as one of the best law firms for international arbitration in the International Who's Who for Commercial Arbitration. At the moment Dr. Herfried Wöss also acts as arbitrator in several cases in Mexico and abroad.

It has offices in Mexico City led by Herfried Wöss and Adriana San Román Rivera, in Washington D.C. led by Dante Figueroa and in Lima headed by Christian Carbajal.

Herfried Wöss y Adriana San Román Rivera are internationally recognized as specialists in the creation and structuring of claims for damages in both international arbitration and commercial and administrative litigation. Currently, Adriana Rivera San Román serves as a consultant and expert for

several companies and national and international law firms in damages claims.

In this regard, it is worth noting that Herfried Wöss and Adriana Rivera San Román together with Pablo T. Spiller and Santiago Dellepiane, renowned economists, are authors of the book 'Damages in International Arbitration under Complex Long-Term Contracts', which was published by the prestigious publishing house Oxford University Press in the UK. In this work, they developed the universal doctrine for structuring damages arising from the breach to long-term contracts based on income stream. Currently this work is being used as a reference by the US-Iran Claims Court, one of the most important investment arbitration courts in the world.

Wöss & Partners is also well-known for his wide experience in infrastructure projects such as turnkey plants, electricity plants, public-private partnerships, and the energy sector. Dr. Wöss is an expert in public tenders and in the new kind of contracts in the energy sector.

As corporate lawyers, Wöss & Partners protects its clients against risks through structuring their projects providing thorough corporate advisory, including drafting of tailor made contracts.

As for international trade, Wöss & Partners in the last 20 years has won a number of important national and international cases, particularly in the field of trade remedies. At present, it represents several producers of steel pipes for gas and oil pipelines to ensure free competition in that market and the success of projects under the energy reform in Mexico.
